FPI Investment Framework

Voluntary Retention Route:

- Investments permitted into Government Securities as well as Corporate Debt
- Minimum Retention period of 3 years

General Investment Limit:

- Investments permitted into Government Securities as well as Corporate Debt
- Long-term FPI category - for the official sector (government agencies, central banks, and other such institutions)
- General FPI category - For all other investors such as global real money and fast money investors
- Quotas are subject to a security-wise cap of 30% of the outstanding amount of that specific IGB (Indian Government Bonds)

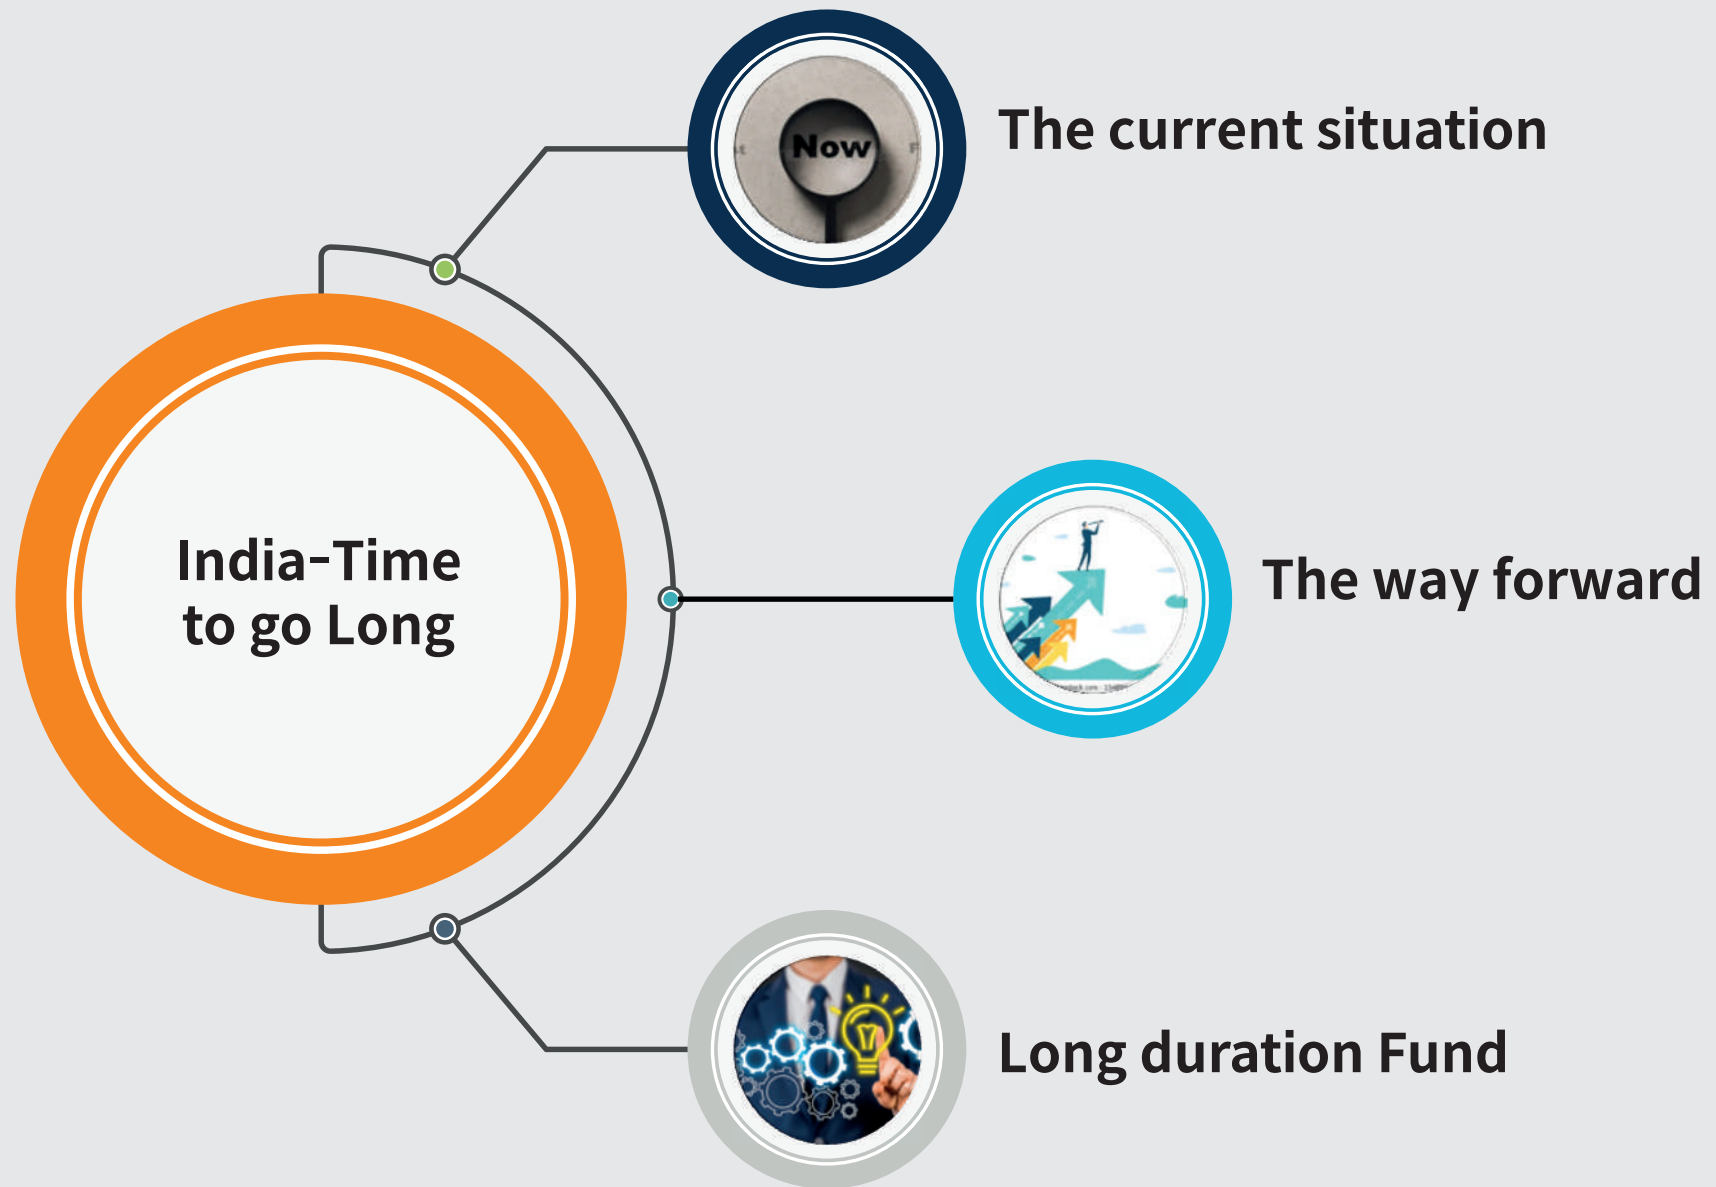

Fully Accessible Route (FAR):

- Investments permitted into Government Securities
- Investment via the FAR route is open to all categories of foreign investors
- No security-wise cap or holding period limitations
- Overall investment via this route is limited only by the issuance in this category
- In July 2022, the RBI widened the scope of FAR for non-resident investment in government bonds to include 7-year and 14-year securities. Earlier, only 5-year, 10-year and 30-year securities were eligible for FAR.

Extension of trade matching window: Trade matching window extended by 3-hours post markets for FPIs.

Margin Posting for IGBs trade: Custodians are now allowed to post margins related to IGBs trade on behalf of FPIs.

Flexible settlement cycle: Authorities have added more flexibility on the settlement cycle, allowing FPIs to settle OTC secondary market trade either on T+1 or T+2.

The Near Term

Source: RBI, CCIL, Bloomberg, *Estimated Data; Latest data available

India too has a trend

Why one may consider Long Duration Fund?

CRISIL Long Duration Debt A-III Index (2-Year Returns) When interest rates fall

2-Year CAGR for Crisil Long Duration Debt A-III Index has ranged between ~9-15% when 10-yr G-sec has fallen by ~65-200 bps

CRISIL Long Duration Debt A-III Index (Trailing Returns) When interest rates fall

Period	CRISIL Long Duration Debt A-III Index Rebased Value	CRISIL Long Duration Debt A-III Index Return	10-Year Benchmark Yield (%)	Change in 10-Year Benchmark Yield (%)
0	100.00	-	8.28	-
1-Year	111.24	11.3%	7.64	-0.64
3-Year	134.26	10.3%	6.86	-1.42
5-Year	156.89	9.4%	6.45	-1.83
7-Year	185.06	9.2%	6.39	-1.89
10-Year	222.79	8.3%	6.85	-1.43

In a falling interest rate scenario - Longer the duration, higher is the benefit / capital gains on the portfolio

Fixed Deposit vs Debt Mutual Fund Taxation over 15-Year Period: An Illustration

	Investment	Post Tax Maturity Value	Total Gain/Interest Income	Tax on Total Gain/Interest Income	Post Tax Gain	Pre-tax CAGR	Post Tax CAGR
CRISIL Long Duration Debt A-III Index	100.00	260.33	229.04	68.71	160.33	8.3%	6.6%
5-Year FD	100.00	219.39	170.55	51.17	119.39	7.6%	5.4%

Interest on Fixed Deposits (FD) is taxed annually

Unlike FD, there is no tax on coupon income earned on underlying bonds in a debt mutual fund. However, gains at the time of redemption from the debt mutual fund are taxed at the marginal rate

Tax Deferment has led to better post tax returns for Debt Schemes of Mutual Fund

Source: FD Rate: SBI Fixed Deposit Rates, AMFI, Crisil, Data as on 31st October 2024. Past Performance may or may not be sustained in future ; Note: The above calculation is based on 30% taxation but does not include cess & surcharge. The information set out above is included for general information purposes only and does not constitute legal or tax advice. In view of the individual nature of the tax consequences, each investor is advised to consult his/her own tax consultant with respect to specific tax implications arising out of their participation in the Scheme. The tax deferral benefits in which investor is taxed at the redemption rather than periodically compared to other conventional -instruments may enable investors to grow their portfolios more efficiently over the long-term

Presenting Mirae Asset Long Duration Fund

PRODUCT LABELLING

Mirae Asset Long Duration Fund is suitable for investors who are seeking*

- Optimal returns over the long term
- Investments in an actively managed diversified portfolio of debt and money market instruments.
