ITC acquires paper business from Aditya Birla Real Estate

ITC Limited has announced the acquisition of Aditya Birla Real Estate's paper business, operated under the name 'Century Pulp and Paper' (CPP), as a going concern on a slump sale basis. This transaction strengthens ITC's presence in the pulp and paper industry, expanding its capacity and market reach.

- **Acquirer:** ITC Limited
- **Seller:** Aditya Birla Real Estate (Century Pulp and Paper)
- **Transaction Value:** INR 35b (on a cash-free, debt-free basis)
- **Capacity Expansion:** ITC's paper capacity to increase by 60% from 8 lakh metric tonnes (Lk Mt) to 12.8 Lk Mt
- **Expected Closure:** Approximately six months, subject to statutory approvals (including land lease transfer and Competition Commission of India clearance).
- **Financial Performance of ABREL paper business:** The ABREL recorded revenue of INR28.2b/INR35.7b/INR33.8b during FY22/FY23/FY24. The company reported EBITDA of ~INR5bn average during the last 5 years.

Strategic Rationale:

- 1. Market expansion & locational advantage:**
 - Aditya Birla Real Estate has a strong presence in North India, complemented by in-house pulp manufacturing using wood and bagasse.
 - ITC's existing facilities are primarily in South India, and this acquisition enables efficient customer servicing across key markets while ensuring proximity to raw material sources.
- 2. Vertical integration & operational resilience:**
 - Strengthens ITC's supply chain and backward integration, reducing dependency on external pulp sources.
 - Multi-site operations with matching capabilities help de-risk operations and improve resilience across industry cycles.
- 3. Synergy targets & financial impact:**
 - Company is targeting 30-40% increase in EBITDA per ton post 2 years of operations through efficiency gains and capacity debottlenecking.
 - Company is looking to achieve high-teens Return on Capital Employed (RoCE) targeted in the medium term.
 - The Paperboards, Paper & Packaging segment expected to continue generating strong free cash flows (~INR 40b from FY20 to FY24).

Industry outlook & growth potential

The paper business has been in a cyclical downturn over the past two years, but an expected market recovery should improve key performance metrics. This acquisition positions ITC to capitalize on the growth cycle through product innovation, enhanced sustainability initiatives, and an expanded market footprint. India is the fifth-largest producer of paper and paperboards in the world, with an estimated production of around 23 million MT per annum and an annual industry turnover of over INR800bn. India's per capita consumption at appx. 16 Kg. per annum is low as compared to the global average of 57 Kg. End-user industries such as FMCG, Food Service / Quick Service Restaurants, Pharmaceuticals, e-Commerce, Education & Stationery and increasing demand for sustainable packaging solutions are expected to be the key drivers of growth going forward.

Valuation

We value ITC's paper business at 15x EV/EBITDA of FY27, with a target value of INR 20 per share. The acquisition is EPS accretive from year one and as per our estimation it will contribute ~1% to ITC's total EPS. Although the financial and valuation impact will be less, but it will strengthen ITC's position for paper & paperboard business.
