Fundamental Actionable Idea

Cummins India

CMP INR4016, TP INR4500, 12% Upside, Buy, MTF Stock

- The company has witnessed demand improvement across the powergen segment following lower industry volumes in 2HFY25. Demand is coming from the manufacturing, real estate, quick commerce, hospital, and hotel sectors. This resurgence has resulted in volumes reaching pre-emission levels.
- On the HHP front, the company has seen a steady demand from data centers, hospitals, and other power-sensitive segments, and management expects this steady demand trend to continue.
- Cummins is also experiencing strong growth in select industrial segments and continues to expect a healthy growth potential in the distribution segment.
- Exports continue to benefit from global demand, particularly in data centers and the LHP segment across multiple regions. Its export market presence is well diversified geographically, with limited exposure to the US.
- We retain our positive stance on the stock, as we expect Cummins to benefit from these positive levers and its diversified portfolio across segments.

Biocon

CMP INR364, TP INR410, 13% Upside, Positive, MTF Stock

- Biocon has inaugurated its first US manufacturing facility in Cranbury, New Jersey, through its wholly owned subsidiary Biocon Generics Inc (BGI).
- Biocon acquired the Oral Solid Dosage (OSD) facility from Eywa Pharma Inc. in 2023 and has since invested over USD 30 million to establish a state-of-the-art plant with an annual production capacity of 2 billion tablets.
- A few products have already been commercialized from the site, with several more in the pipeline.
- This investment helps Biocon diversify its manufacturing base, strengthen its supply chain and accelerate the expansion of its global footprint.
- Biocon is building growth levers across generics, biologics and Syngene. The product pipeline remains encouraging for generics/biologics. Investment in manufacturing to support commercial traction for launches/potential approval is largely in place in generics/biologics.
