FII includes depository receipts

- **Higher-than-expected depreciation and interest costs dampen PAT:** JSW Energy (JSWE)'s consolidated revenue at INR51.8b missed our est. by 9%. However, EBITDA was in line at INR29.9b, supported by a higher EBITDA margin of 58% vs. our est. of 53%. Adj. PAT was 16% below our estimate at INR7b, primarily due to lower-than-estimated other income and higher interest/depreciation expenses arising from additional capitalization of new assets during the quarter. The earnings impact was partly mitigated by a lower tax rate of 13.8%.
- **Strong EBITDA run rate amid contributions from KSK and O2Power:** In 2QFY26, the company commissioned 443MW (240MW Kutehr Hydro plant, 148MW Wind, and 56MW Solar) of organic RE capacity and reiterated its FY26 capacity addition target of 3GW (excluding 1.3GW O2 Power) with ~1GW of organic capacity added YTD. The company's open capacity exposure has now reduced to ~8% of its total installed base and is expected to decline further to 5% once the 400MW capacity under the Utkal plant (700 MW) is converted to a power purchase agreement (PPA), thereby improving cash flow visibility. JSWE remains on track to reach 30GW of generation and 40GWh of storage capacity by FY30.
- **Valuation and view:** We cut our FY26E APAT by 14% as we are building in increased depreciation and interest to align with the current run rate. We continue to like the stock and highlight that: 1) the full benefit of lower interest costs is yet to come through, and 2) JSWE has a strong RE pipeline backed by PPA, which gives visibility on growth. **Reiterate BUY with a TP of INR655, valuing the company's core renewable business at 12x FY28E EBITDA and its thermal business at 9x Dec'27E EBITDA.**

## EBITDA in line; miss on APAT

### Consolidated performance:

- JSWE's consolidated revenue missed our est. by 9% at INR51.8b (+60% YoY, flat QoQ), but EBITDA was in line with our estimate at INR29.9b (+78% YoY, +7% QoQ), supported by a higher EBITDA margin of 58% vs. our est. of 53%.
- Adj. PAT was 16% below our estimate at INR7b (-17% YoY, -5% QoQ) primarily due to lower-than-estimated other income and higher interest/depreciation expenses arising from additional capitalization of new assets during the quarter. The impact was partially offset by a lower effective tax rate of 13.8%.

### Operational highlights:

- The total installed capacity stood at 13.2GW at the end of 2QFY26, up ~71% YoY.
- Net generation was up 52% YoY to 14.9 BUs. RE generation rose 42% YoY to 7.1BUs, led by organic wind capacity additions and contribution from O2 Power.
- Total contracted capacity under construction for which PPA is signed stood at 11.1GW, with 1.6GW/2.3GW/3.4GW/3.8GW coming from Thermal/Wind/Solar/Hybrid.

### Other highlights:

- The company completed the strategic acquisition of KSK Water Infrastructure, locking in the Mahanadi plant's water resource security.
- JSWE entered into a Scheme of Arrangement with GE Power India to acquire its boiler manufacturing business, critical for its thermal business.
- The company signed an agreement with Statkraft to acquire the 150 MW under-construction Tidong HEP, at an EV of INR17.28b.
- The company is targeting 30GW of generation capacity and 40GWh of energy storage by 2030, of which 29.4GWh is locked in, coming primarily from PSP.
- JSW Energy (Utkal) Limited (subsidiary) has received an LoA from the Power Company of Karnataka Limited for a 400 MW, 25-year power supply arrangement from 1<sup>st</sup> Apr'26.

### Highlights of JSWE's 2QFY26 performance

- **Installed capacity:** The quarter saw 443MW of organic renewable additions, comprising 240MW from the Kutehr Hydro Plant, 148MW of wind, and 56MW of solar capacity.
- **Generation performance:** Net generation increased 52% YoY to 14.9BUs, supported by a 42% YoY rise in renewable generation to 7.1BUs, driven by incremental wind capacity and contributions from O2 Power.
- **Project pipeline:** The contracted capacity under construction stood at 11.1GW, including 1.6GW thermal, 2.3GW wind, 3.4GW solar, and 3.8GW hybrid projects. The total under-construction portfolio stands at 12.5GW, fully backed by long-term PPAs, which will nearly double the total capacity to 26GW upon completion.
- **Financial highlights:**
  - PAT stood at INR 7 billion, down 17% YoY, primarily due to higher interest and depreciation from recent asset capitalization.
  - Cash profit increased 27% YoY to over INR15b.
  - Capex during the quarter stood at INR35b.
- **Key developments:**
  - The company received an LoA for 400MW linked to its 700MW Utkal plant, which currently operates as open capacity. Conversion to a PPA will enhance cash flow visibility and reduce open capacity exposure from 8% to 5%.
  - Of the total capacity under pending LoAs with PPAs yet to be signed, 900MW corresponds to pure solar projects.

### Valuation and view

- The valuation of JSWE is based on SoTP:
- Thermal is valued at 9x Dec'27E EBITDA, and renewable energy at 12x FY28E EBITDA.
- Hydro is at 2x Dec'27E book value, and green hydrogen equity is at a 2x multiple.
- Additionally, the company's stake in JSW Steel is valued at a 25% discount to the current market price, acknowledging the strategic significance of this holding while incorporating a conservative valuation approach.
- By aggregating the values from these different components, the total equity value of JSWE was determined, leading to a TP of INR655.

## Highlights from the management commentary

### ■ Industry Highlights

- Power demand rebounded in 2QFY26 after a soft Q1 (which saw a 1.6% drop). 2Q demand grew 3.3% YoY (4.9 BU) and 1H demand by 0.8% YoY, against the backdrop of improved industrial activity, higher economic sentiment, and a favorable base effect. This occurred despite an extended monsoon, underscoring demand resilience.
- India's peak demand reached 230 GW in Aug'25, unchanged YoY.
- 48 GW was added to installed capacity over the last 12 months: 25 GW in H1, of which 22 GW was solar and 3 GW wind, demonstrating renewables' leading role in expansion.
- Thermal capacity stands at 245 GW. With 15 GW of projects awarded in FY25 and ~35 GW under construction, India's thermal capacity is expected to approach 300 GW by FY32.
- Wind PLFs (nationwide) rose to 34.9% from 31.7%, one of the strongest performances ever, and hydro generation surged 13% YoY to 68 BU, helped by favorable hydrology.
- Merchant market prices softened to INR 3.92/unit in DAM, reflecting record capacity addition and muted demand growth.
- Average coal prices moderated to USD 91/ton in 2QFY26 (vs. USD 110/ton in 1QFY26) and further softened to ~USD 81/ton post quarter-end, supporting improved dark spreads for JSWE's imported thermal portfolio.
- Renewable bidding activity remained healthy with ~5GW of generation and ~3GW of storage bids in 1HFY26.

### ■ Business & Operational Highlights

- Generation rose 52% YoY in 2Q (9.8 to 14.9 BU), and 60% YoY for H1 (17.7 to 28.4 BU), outpacing industry growth (3.3%).
- Capacity additions: JSW added 5.5 GW in 12 months, including 3.3 GW renewables (1.5 GW inorganic) and 1.8 GW thermal (inorganic).
- Current installed capacity is 13.2 GW, +71% YoY.
- New additions: Commissioned 240 MW Kutehr hydro.
- Kutehr hydro completed in under six years (amid COVID and adverse weather)—one of the fastest greenfield hydro builds in India.
- Under-construction portfolio: 12.5 GW with full long-term PPAs. On completion, JSW's capacity will nearly double to 26 GW.
- BESS & Green Hydrogen: Signed BESS locked in capacity of 29.4 GWh; green hydrogen pilot (3,800 TPA at Vijayanagar) near commissioning in 3Q FY26.
- Domestic coal-based exposure is now 788MW of the total merchant exposure of approximately 1.1 gigawatt.

### ■ Financial Performance

- 2Q revenue: INR53b (+55% YoY); EBITDA: INR 32b (+67% YoY).
- PAT: INR7b (down 17% YoY) due to increased interest/depreciation from new asset capitalization.
- Cash profit rose 27% YoY to over INR15b.
- 1HFY26 EBITDA exceeded INR62b, already surpassing FY25's full-year EBITDA.
- 2Q capex: INR35b; Kutehr and other projects capitalized.
- Receivables: INR35b (64 days), an improvement over 70 days last year.
- Net debt stood at ~INR620b as of Sep'25, up INR25b as compared to June'25 end.

- JSW Hydro Energy's EBITDA (incl. other income) stood at INR3.7b (vs. INR4.8b in 2QFY25), impacted by the shift of free power from merchant sales to supply to the Government of Himachal Pradesh under the implementation agreement.
- JSW Hydro Barmer's EBITDA (incl. other income) stood at INR1.58b (vs. INR .59b in 2QFY25), as in regulated return businesses, at the end of 12 years, the rate of depreciation changes, and correspondingly capacity charge goes down because debt repayments have happened. Barmer completed its 12 years last year. This impact will persist across all four quarters of FY26, establishing a new base thereafter.
- **Strategic Moves**
  - GE Power India boiler acquisition: Scheme of arrangement concluded to acquire boiler manufacturing business, ensuring timely supply (especially Salboni), and technology transfer.
  - KSK Water Infra: Majority stake acquired to guarantee water supply for both current (1,800 MW) and planned (1,800 MW) KSK Mahanadi expansions.
  - Battery Assembly Plant Pune: 5 GWh/p.a. capacity, to be operational in 3Q FY26, aimed at supporting BESS for DCR compliance (with initial focus on captive consumption, possible external supply as market matures).
  - Tidong acquisition: Signed definitive agreement to acquire 150 MW hydro (expected commissioning Oct '26). Of 150 MW, 75 MW is PPA-tied with UPPCL, and the rest is for the merchant market.
- **Additional Insights**
  - Salboni boiler to be done in-house; boiler facility can deliver the equivalent of 1.5 units per annum, with a typical project cycle at 18 months. Commissioning for Salboni is aligned for 2030.
  - The company is progressing with the 1,800MW KSK Mahanadi expansion project, where the Balance of Plant (BoP) is fully ready. Construction for the 5th unit is 40% complete, and work on the 6th unit has commenced. The project is targeted for commissioning before 2031.
  - LoA received for 400MW of its 700MW Utkal plant, which is currently operating as open capacity. Upon conversion of this LoA into a PPA, cash flow visibility will improve, reducing the share of open capacity from 8% to 5%.
  - Of JSWE's total capacity under pending LoAs with PPAs yet to be signed, only 900MW pertains to pure solar projects.
- **Regulatory and Industry Policy Developments**
  - GST Rationalization lowered capital costs for renewables and will translate to sharper tariffs. Removal of the INR400/tonne GST Compensation Cess on domestic coal will benefit thermal economics.
  - Draft Electricity Act Amendment (positive for the sector) and the new Renewable Consumption Obligations framework are set to drive further changes.

#### Disclosures

The following Disclosures are being made in compliance with the SEBI Research Analyst Regulations 2014 (herein after referred to as the Regulations).

Motilal Oswal Financial Services Ltd. (MOFSL) is a SEBI Registered Research Analyst having registration no. INH000000412. MOFSL, the Research Entity (RE) as defined in the Regulations, is engaged in the business of providing Stock broking services, Depository participant services & distribution of various financial products. MOFSL is a listed public company, the details in respect of which are available on [www.motilaloswal.com](http://www.motilaloswal.com). MOFSL (erstwhile Motilal Oswal Securities Limited - MOSL) is registered with the Securities & Exchange Board of India (SEBI) and is a registered Trading Member with National Stock Exchange of India Ltd. (NSE) and Bombay Stock Exchange Limited (BSE), Multi Commodity Exchange of India Limited (MCX) and National Commodity & Derivatives Exchange Limited (NCDEX) for its stock broking activities & is Depository participant with Central Depository Services Limited (CDSL) National Securities Depository Limited (NSDL), NERL, COMRIS and CCRL and is member of Association of Mutual Funds of India (AMFI) for distribution of financial products and Insurance Regulatory & Development Authority of India (IRDA) as Corporate Agent for insurance products. Details of associate entities of Motilal Oswal Financial Services Limited are available on the website at <http://onlinereports.motilaloswal.com/Dormant/documents/List%20of%20Associate%20companies.pdf>

MOFSL and its associate company(ies), their directors and Research Analyst and their relatives may; (a) from time to time, have a long or short position in, act as principal in, and buy or sell the securities or derivatives thereof of companies mentioned herein. (b) be engaged in any other transaction involving such securities and earn brokerage or other compensation or act as a market maker in the financial instruments of the company(ies) discussed herein or act as an advisor or lender/borrower to such company(ies) or may have any other potential conflict of interests with respect to any recommendation and other related information and opinions.; however the same shall have no bearing whatsoever on the specific recommendations made by the analyst(s), as the recommendations made by the analyst(s) are completely independent of the views of the associates of MOFSL even though there might exist an inherent conflict of interest in some of the stocks mentioned in the research report.

MOFSL and / or its affiliates do and seek to do business including investment banking with companies covered in its research reports. As a result, the recipients of this report should be aware that MOFSL may have a potential conflict of interest that may affect the objectivity of this report. Compensation of Research Analysts is not based on any specific merchant banking, investment banking or brokerage service transactions. Details of pending Enquiry Proceedings of Motilal Oswal Financial Services Limited are available on the website at <https://galaxy.motilaloswal.com/ResearchAnalyst/PublishViewLitigation.aspx>

A graph of daily closing prices of securities is available at [www.nseindia.com](http://www.nseindia.com), [www.bseindia.com](http://www.bseindia.com). Research Analyst views on Subject Company may vary based on Fundamental research and Technical Research. Proprietary trading desk of MOFSL or its associates maintains arm's length distance with Research Team as all the activities are segregated from MOFSL research activity and therefore it can have an independent view with regards to Subject Company for which Research Team have expressed their views.

#### Regional Disclosures (outside India)

This report is not directed or intended for distribution to or use by any person or entity resident in a state, country or any jurisdiction, where such distribution, publication, availability or use would be contrary to law, regulation or which would subject MOFSL & its group companies to registration or licensing requirements within such jurisdictions.

#### For Hong Kong:

This report is distributed in Hong Kong by Motilal Oswal capital Markets (Hong Kong) Private Limited, a licensed corporation (CE AYY-301) licensed and regulated by the Hong Kong Securities and Futures Commission (SFC) pursuant to the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong) "SFO". As per SEBI (Research Analyst Regulations) 2014 Motilal Oswal Securities (SEBI Reg. No. INH000000412) has an agreement with Motilal Oswal capital Markets (Hong Kong) Private Limited for distribution of research report in Hong Kong. This report is intended for distribution only to "Professional Investors" as defined in Part I of Schedule 1 to SFO. Any investment or investment activity to which this document relates is only available to professional investor and will be engaged only with professional investors." Nothing here is an offer or solicitation of these securities, products and services in any jurisdiction where their offer or sale is not qualified or exempt from registration. The Indian Analyst(s) who compile this report is/are not located in Hong Kong & are not conducting Research Analysis in Hong Kong.

#### For U.S.

Motilal Oswal Financial Services Limited (MOFSL) is not a registered broker - dealer under the U.S. Securities Exchange Act of 1934, as amended (the "1934 act") and under applicable state laws in the United States. In addition MOFSL is not a registered investment adviser under the U.S. Investment Advisers Act of 1940, as amended (the "Advisers Act" and together with the 1934 Act, the "Acts"), and under applicable state laws in the United States. Accordingly, in the absence of specific exemption under the Acts, any brokerage and investment services provided by MOFSL, including the products and services described herein are not available to or intended for U.S. persons. This report is intended for distribution only to "Major Institutional Investors" as defined by Rule 15a-6(b)(4) of the Exchange Act and interpretations thereof by SEC (henceforth referred to as "major institutional investors"). This document must not be acted on or relied on by persons who are not major institutional investors. Any investment or investment activity to which this document relates is only available to major institutional investors and will be engaged in only with major institutional investors. In reliance on the exemption from registration provided by Rule 15a-6 of the U.S. Securities Exchange Act of 1934, as amended (the "Exchange Act") and interpretations thereof by the U.S. Securities and Exchange Commission ("SEC") in order to conduct business with Institutional Investors based in the U.S., MOFSL has entered into a chaperoning agreement with a U.S. registered broker-dealer, Motilal Oswal Securities International Private Limited, ("MOSIPL"). Any business interaction pursuant to this report will have to be executed within the provisions of this chaperoning agreement.

The Research Analysts contributing to the report may not be registered /qualified as research analyst with FINRA. Such research analyst may not be associated persons of the U.S. registered broker-dealer, MOSIPL, and therefore, may not be subject to NASD rule 2711 and NYSE Rule 472 restrictions on communication with a subject company, public appearances and trading securities held by a research analyst account.

#### For Singapore

In Singapore, this report is being distributed by Motilal Oswal Capital Markets (Singapore) Pte. Ltd. ("MOCMSPL") (UEN 201129401Z), which is a holder of a capital markets services license and an exempt financial adviser in Singapore. This report is distributed solely to persons who (a) qualify as "institutional investors" as defined in section 4A(1)(c) of the Securities and Futures Act of Singapore ("SFA") or (b) are considered "accredited investors" as defined in section 2(1) of the Financial Advisers Regulations of Singapore read with section 4A(1)(a) of the SFA. Accordingly, if a recipient is neither an "institutional investor" nor an "accredited investor", they must immediately discontinue any use of this Report and inform MOCMSPL.

In respect of any matter arising from or in connection with the research you could contact the following representatives of MOCMSPL. In case of grievances for any of the services rendered by MOCMSPL write to [grievances@motilaloswal.com](mailto:grievances@motilaloswal.com).

**Terms & Conditions:**

This report has been prepared by MOFSL and is meant for sole use by the recipient and not for circulation. The report and information contained herein is strictly confidential and may not be altered in any way, transmitted to, copied or distributed, in part or in whole, to any other person or to the media or reproduced in any form, without prior written consent of MOFSL. The report is based on the facts, figures and information that are considered true, correct, reliable and accurate. The intent of this report is not recommendatory in nature. The information is obtained from publicly available media or other sources believed to be reliable. Such information has not been independently verified and no guaranty, representation of warranty, express or implied, is made as to its accuracy, completeness or correctness. All such information and opinions are subject to change without notice. The report is prepared solely for informational purpose and does not constitute an offer document or solicitation of offer to buy or sell or subscribe for securities or other financial instruments for the clients. Though disseminated to all the customers simultaneously, not all customers may receive this report at the same time. MOFSL will not treat recipients as customers by virtue of their receiving this report.

**Disclaimer:**

The report and information contained herein is strictly confidential and meant solely for the selected recipient and may not be altered in any way, transmitted to, copied or distributed, in part or in whole, to any other person or to the media or reproduced in any form, without prior written consent. This report and information herein is solely for informational purpose and may not be used or considered as an offer document or solicitation of offer to buy or sell or subscribe for securities or other financial instruments. Nothing in this report constitutes investment, legal, accounting and tax advice or a representation that any investment or strategy is suitable or appropriate to your specific circumstances. The securities discussed and opinions expressed in this report may not be suitable for all investors, who must make their own investment decisions, based on their own investment objectives, financial positions and needs of specific recipient. This may not be taken in substitution for the exercise of independent judgment by any recipient. Each recipient of this document should make such investigations as it deems necessary to arrive at an independent evaluation of an investment in the securities of companies referred to in this document (including the merits and risks involved), and should consult its own advisors to determine the merits and risks of such an investment. The investment discussed or views expressed may not be suitable for all investors. Certain transactions -including those involving futures, options, another derivative products as well as non-investment grade securities - involve substantial risk and are not suitable for all investors. No representation or warranty, express or implied, is made as to the accuracy, completeness or fairness of the information and opinions contained in this document. The Disclosures of Interest Statement incorporated in this document is provided solely to enhance the transparency and should not be treated as endorsement of the views expressed in the report. This information is subject to change without any prior notice. The Company reserves the right to make modifications and alterations to this statement as may be required from time to time without any prior approval. MOFSL, its associates, their directors and the employees may from time to time, effect or have effected an own account transaction in, or deal as principal or agent in or for the securities mentioned in this document. They may perform or seek to perform investment banking or other services for, or solicit investment banking or other business from, any company referred to in this report. Each of these entities functions as a separate, distinct and independent of each other. The recipient should take this into account before interpreting the document. This report has been prepared on the basis of information that is already available in publicly accessible media or developed through analysis of MOFSL. The views expressed are those of the analyst, and the Company may or may not subscribe to all the views expressed therein. This document is being supplied to you solely for your information and may not be reproduced, redistributed or passed on, directly or indirectly, to any other person or published, copied, in whole or in part, for any purpose. This report is not directed or intended for distribution to, or use by, any person or entity who is a citizen or resident of or located in any locality, state, country or other jurisdiction, where such distribution, publication, availability or use would be contrary to law, regulation or which would subject MOFSL to any registration or licensing requirement within such jurisdiction. The securities described herein may or may not be eligible for sale in all jurisdictions or to certain category of investors. Persons in whose possession this document may come are required to inform themselves of and to observe such restriction. Neither the Firm, not its directors, employees, agents or representatives shall be liable for any damages whether direct or indirect, incidental, special or consequential including lost revenue or lost profits that may arise from or in connection with the use of the information. The person accessing this information specifically agrees to exempt MOFSL or any of its affiliates or employees from, any and all responsibility/liability arising from such misuse and agrees not to hold MOFSL or any of its affiliates or employees responsible for any such misuse and further agrees to hold MOFSL or any of its affiliates or employees free and harmless from all losses, costs, damages, expenses that may be suffered by the person accessing this information due to any errors and delays.
