NII in line; lower provisions drive earnings

Slippages, SMA pool declining steadily

- Bandhan Bank reported 4QFY26 PAT of INR5.3b (up 68% YoY, 32% beat). NII grew 4% QoQ to INR27.9b (in line).
- Margin improved by 30bp QoQ to 6.2%, aided by a reduction in CoF (down 20bp QoQ) and improvement in yields (up 10bp QoQ).
- Net advances grew by 13.7% YoY (up 6.4% QoQ). Deposits grew by 10% YoY/6.1% QoQ. CD ratio increased marginally to 90%.
- Fresh slippages declined to INR10.3b from INR13.1b in 3QFY26. GNPA ratio improved 6bp QoQ to 3.27%, while NNPA improved 2bp QoQ to 0.97%. PCR ratio was broadly stable at 71.1%.
- **We had upgraded Bandhan in 3QFY26 on the back of improving visibility on growth and improvement in asset quality. We estimate Bandhan to deliver RoA of 1.3%/1.5% in FY27E/FY28E. Maintain Buy with a revised TP of INR210 (1.2x Sep'27E ABV).**

Margin improves 30bp QoQ; guides FY27-exit RoA at 1.6-1.7%

- 4Q PAT stood at INR5.34b (up 68% YoY, 32% beat), driven by lower credit costs and 30bp QoQ improvement in NIM.
- NII grew to INR27.9b (4% QoQ) as NIMs improved 30bp QoQ to 6.2%, aided by 20bp decline in CoF and 10bp improvement in yields. Management guides for further 10-20bp NIM expansion over the next 2-3 quarters amid TD repricing.
- Other income grew 10% YoY/12% QoQ to INR7.7b (9% beat), supported by strong fee income (processing, TPP and product/service charges).
- Opex jumped 10% QoQ to INR21.25b (8% above MOFSLe), largely attributable to two non-recurring items: PSL-related costs and IT/technology expenses totaling INR1.2b. C/I ratio increased to 59.6%.
- Gross advances grew 13% YoY/6% QoQ to INR1.5t. Non-EEB book grew 25% YoY/5% QoQ and now constitute ~65% of advances. EEB book grew 8% QoQ and collection efficiency improved (99.3%). Secured mix increased to 56.2%.
- Deposits grew 10% YoY/6.1% QoQ to INR1.66t, with CASA ratio improving 204bp QoQ to 29.3%, driven by strong CA growth. CASA + Retail deposits now form 72% of total deposits.
- GNPA ratio improved by 6bp QoQ at 3.27%, while NNPA improved to 0.97%. PCR stood at 71.1%. Fresh slippages declined sharply to INR10.28b (down ~22% QoQ), with improvement led by EEB segment. Credit cost declined significantly to 2.0% (vs 3.3% in 3Q).

Highlights from the management commentary

- ROA guidance: Management reiterated FY27-exit ROA target of 1.6-1.7%, led by further credit cost reduction, NIM expansion, higher other income, and lower PSL costs. Sequential improvement is expected from the 4Q level of 1.1%.
- 4Q LCR was 131% (periodic), with average LCR range of 130-148% during the quarter. The reduction in bulk deposits has helped to reduce LCR volatility.
- ECL transition impact is estimated at INR12.5b (based on Dec'25 portfolio), to be spread over five years (INR2.5b/year), resulting in a 16-17bp per year impact on CRAR.
- Management expects a further 10-20bp NIM improvement over the next 2-3 quarters, as term deposits continue to reprice lower on renewal. The FY27-exit NIM guidance is 6.5% on earning assets (6% on total assets).

Valuation and view

- Bandhan reported a strong quarter, led by a 30bp QoQ expansion in NIMs and a strong improvement in credit costs to 2% (vs. 3.3% in 3Q). Business momentum was also robust, supported by the seasonally strong 4Q. Management expects loan growth to remain healthy at 14-15%, with advances likely to grow in line with or ahead of overall business growth. NIMs improved to 6.2%, and are guided to expand further by 10-20bp over the next 2-3 quarters, aided by repricing of term deposits. The bank has indicated an exit FY27 NIM guidance of ~6.5% on earning assets (~6% on total assets), while we conservatively factor in ~6% NIM on earning assets. On asset quality, we expect improving forward flows for both the industry and Bandhan, particularly in the MFI segment, which should lower credit costs to ~1.9% in FY27E (vs. 3.2% in FY26).
- **We had upgraded Bandhan in 3QFY26 on the back of improving visibility on growth and lower credit cost. We upgrade our earnings estimates by 4-5% for FY27/FY28 and expect Bandhan to deliver RoA of 1.3%/1.5% in FY27E/FY28E vs. 0.6% in FY26. Maintain BUY with a revised TP of INR210 (1.2x Sep'27E ABV).**

Highlights from the management commentary

Opening remarks by management

- The quarter marked improvement across many key parameters, reflecting strengthening fundamentals. The bank saw encouraging momentum built through disciplined execution and a sharp focus on balance sheet quality.
- Gross advances grew 13% YoY to INR 1.5t; deposits scaled up to INR 1.7t (10% YoY growth), supported by strong retail deposit traction.
- The secured book grew 25% YoY and now forms ~56% of total advances - the bank's targeted portfolio mix of ~58% secured was achieved nearly a year ahead of plan.
- Retail deposits (CASA + Retail TD) grew 18% YoY and now account for ~74% of total deposits; bulk deposits declined 7% YoY and their share fell to ~26% from 31% a year ago.
- NIMs improved sequentially to 6.2%, supported by a ~23bp QoQ reduction in deposit costs and a 14bp improvement in advances yield.
- Asset quality trends were constructive – slippages declined sharply on a sequential basis, and early delinquency indicators in the EEB book improved meaningfully.
- 4Q PAT stood at INR5.3b, up 68% YoY and 159% QoQ, with ROA improving to 1.1% for the quarter.
- The board recommended a dividend of INR1.50 per share, subject to shareholder approval at the AGM.
- Operating expenses were elevated during the quarter due to non-recurring items (PSL costs and IT expenditure); management remains focused on tighter cost discipline and improving operating leverage.

Opex and other income

- Operating expenses in 4Q came in at INR21.3b, up 10% QoQ, largely attributable to two non-recurring items: PSL-related costs and technology/IT expenditure totaling ~INR1.2b. On a full-year basis, opex growth was contained at 9% YoY.
- Opex-to-average assets ratio rose to 4.4% for the quarter due to non-recurring items; for the full year FY26, the ratio was within the guided ~4% level.
- Non-interest income grew 10% YoY and 12% QoQ to INR7.7b. Third-party product distribution income surged 34% YoY, reflecting improved branch-level penetration and stronger cross-selling execution. Processing fee income also rebounded on higher disbursement volumes.
- PSL certificate costs were ~INR600m in 4Q. Management expects these costs to reduce by ~50% in FY27 vs. FY26, and gradually neutralize thereafter, as the proportion of EEB loans qualifying for PSL has already improved from 10-15% to ~40% and is targeted to reach 60-65%.
- Cost-to-income ratio was 59.6% in 4Q.

Loans and deposits

- Total deposits grew 10% YoY and 6% QoQ to INR1.7t. Growth was consciously moderated as the bank focused on strengthening retail-led deposits without tapping incremental bulk funding.

- CASA deposits rose to INR487.5b; the CASA ratio improved to 29.3%, up 200bp QoQ, driven largely by a sharp pickup in current account balances. Savings balances moved up 7% during the quarter.
- ~89% of bulk deposits are non-callable in nature, providing meaningful visibility and stability to the funding profile.
- Gross advances grew 13% YoY and 6% QoQ to INR1.5t. Excluding EEB, the non-EEB book grew ~25% YoY and now represents ~62% of total advances.
- The EEB book stood at INR539.1b, lower YoY (an industry-wide phenomenon) but up significantly by 8% QoQ. Collection efficiency was 99.3% vs. 98.2% in 3QFY26.
- Advances mix: EEB Group (incl. SBAL) - 35%, Housing - ~22%, Wholesale Banking - ~31%, Retail - ~10%, IBPC - ~1%. No single segment dominates the book.
- Retail book (ex-housing) grew 46% YoY, driven by secured products - commercial vehicles, construction equipment, auto loans, and gold loans. Wholesale banking grew 33% YoY.
- The vehicle finance portfolio stood at ~INR56b, comprising commercial vehicles (~INR30b), construction equipment (~INR17b), car loans (~INR18b), and two-wheelers (~INR9b). ~20% of vehicle finance volume is sourced from existing branch customers.
- Loan growth guidance for FY27 is ~14-15%. Deposit growth is targeted to remain broadly in line with or ahead of advances growth.

Yields and margins

- 4Q NIM was 6.2%, up 30bp QoQ, driven by a ~23bp QoQ reduction in deposit costs and 14bp improvement in advances yield. Lower slippages also contributed through reduced interest reversals.
- The improvement in advances yield was partly aided by the 3Q NPA sale to ARC, which removed a portion of the NPA book that was suppressing reported yields.
- Full-year FY26 NIM was 6.1%, with the YoY decline attributable to continued expansion of the secured book (which carries lower yields) and the impact of repo rate cuts.
- Management expects a further 10-20bp NIM improvement over the next 2-3 quarters, as term deposits continue to reprice lower on renewal. The exit FY27 NIM guidance is ~6.5% on earning assets (~6% on total assets).
- 4Q LCR was ~131% (periodic); average LCR ranged around 130-148% during the quarter. The reduction in bulk deposits has helped to reduce LCR volatility.

Asset quality

- Gross NPA remained stable at 3.3%; Net NPA improved to 1.0% (from 1.3% YoY).
- Gross slippages declined sharply to INR10.3b from INR13b in 3QFY26. EEB slippages fell to INR6.9b from INR9.4b in 3Q, the key driver of overall improvement.
- Overall collection efficiency (excl. NPA) improved to 98.9% in Mar'26 from 98.1% in Dec'25. On an ex-bucket basis, collection efficiency was 99.6% for the quarter and 99.7% for March.
- The 0-90 DPD pool in EEB declined to ~3% of advances from 4.6% in 3Q, with the sharpest improvement seen in the zero-DPD bucket.

- Credit cost moderated to 2.0% from 3.3% in 3Q; full-year FY26 credit cost was 3.0%.
- PCR stood at 71.1%; PCR including security receipts at 74.2%; PCR including technical write-offs at 84.9%. The bank accelerates provisioning to near 100% at 180 DPD for the EEB portfolio.
- Standard asset provisions for EEB/MFI are maintained at 1% (75bp higher than the regulatory requirement); for personal loans/ABG, provisions are at ~0.4%, in line with requirements. Total standard asset provisions on the EEB portfolio stand at ~INR10.7b.
- Management expects slippages to hold at current levels or improve marginally; external risks from geopolitical tensions are being monitored. No adverse impact on Apr'26 collections so far.
- ARC sale of NPA pool is not a recurring tool; no immediate plans for further NPA sales, though the option remains available for portfolio management.

Others

- Capital adequacy ratio stood at 18% (including profits); Tier 1 capital at 17.3%, well above the regulatory requirement of 11.5%.
- ROA guidance: Management reiterated an exit FY27 ROA target of 1.6-1.7% (give or take 10bp), underpinned by further credit cost reduction, NIM expansion, higher other income, and lower PSL costs. Sequential improvement is expected from the current 1.1% level.
- ECL transition impact is estimated at ~INR 12.5b (based on Dec'25 portfolio), to be spread over five years (~INR2.5b/year), resulting in a ~16-17bp per year impact on CRAR. The final assessment is underway following the revised RBI ECL circular issued on April 27, 2026. The bank is evaluating the option of passing the impact through retained earnings/capital reserves as permitted.
- Branch network expanded to 1,955 branches across 35 states and UTs, with 4,400 EEB banking units and 438 ATMs. Total employee count as of Mar'26 stood at 75,397.
- Total customer base stood at 31.8 million; 98% of retail transactions are digital; 93% of savings accounts are opened digitally.
- Management clarified that media reports about promoter-level shareholding changes are “all rumors” and will not affect the bank’s shareholding pattern.

Valuation and view

- Bandhan reported a strong quarter, led by a 30bp QoQ expansion in NIMs and a sharp improvement in credit costs to 2% (vs. 3.3% in 3QFY26).
- Business momentum was also robust, supported by the seasonally strong 4Q. Management expects loan growth to remain healthy at 14-15%, with advances likely to grow in line with or ahead of overall business growth.
- NIMs improved to 6.2%, and are guided to expand further by 10-20bp over the next 2-3 quarters, aided by repricing of term deposits. The bank has indicated an exit FY27 NIM guidance of ~6.5% on earning assets (~6% on total assets), while we conservatively factor in ~6% NIM on earning assets.
- On asset quality, we expect improving forward flows for both the industry and Bandhan, particularly in the MFI segment, which should lower credit costs to ~1.9% in FY27E (vs. 3.2% in FY26).
- **We had upgraded Bandhan in 3QFY26 on the back of improving visibility on growth and lower credit cost. We upgrade our earnings estimates by 4-5% for FY27/FY28 and expect Bandhan to deliver RoA of 1.3%/1.5% in FY27E/FY28E vs. 0.6% in FY26. Maintain BUY with a revised TP of INR210 (1.2x Sep'27E ABV).**

Disclosures

The following Disclosures are being made in compliance with the SEBI Research Analyst Regulations 2014 (herein after referred to as the Regulations).

Motilal Oswal Financial Services Ltd. (MOFSL) is a SEBI Registered Research Analyst having registration no. INH000000412. MOFSL, the Research Entity (RE) as defined in the Regulations, is engaged in the business of providing Stock broking services, Depository participant services & distribution of various financial products. MOFSL is a listed public company, the details in respect of which are available on www.motilaloswal.com. MOFSL (erstwhile Motilal Oswal Securities Limited - MOSL) is registered with the Securities & Exchange Board of India (SEBI) and is a registered Trading Member with National Stock Exchange of India Ltd. (NSE) and Bombay Stock Exchange Limited (BSE), Multi Commodity Exchange of India Limited (MCX) and National Commodity & Derivatives Exchange Limited (NCDEX) for its stock broking activities & is Depository participant with Central Depository Services Limited (CDSL) National Securities Depository Limited (NSDL), NERL, COMRIS and CCRL and is member of Association of Mutual Funds of India (AMFI) for distribution of financial products and Insurance Regulatory & Development Authority of India (IRDA) as Corporate Agent for insurance products. Details of associate entities of Motilal Oswal Financial Services Limited are available on the website at <http://onlinereports.motilaloswal.com/Dormant/documents/List%20of%20Associate%20companies.pdf>

MOFSL and its associate company(ies), their directors and Research Analyst and their relatives may; (a) from time to time, have a long or short position in, act as principal in, and buy or sell the securities or derivatives thereof of companies mentioned herein. (b) be engaged in any other transaction involving such securities and earn brokerage or other compensation or act as a market maker in the financial instruments of the company(ies) discussed herein or act as an advisor or lender/borrower to such company(ies) or may have any other potential conflict of interests with respect to any recommendation and other related information and opinions.; however the same shall have no bearing whatsoever on the specific recommendations made by the analyst(s), as the recommendations made by the analyst(s) are completely independent of the views of the associates of MOFSL even though there might exist an inherent conflict of interest in some of the stocks mentioned in the research report.

MOFSL and / or its affiliates do and seek to do business including investment banking with companies covered in its research reports. As a result, the recipients of this report should be aware that MOFSL may have a potential conflict of interest that may affect the objectivity of this report. Compensation of Research Analysts is not based on any specific merchant banking, investment banking or brokerage service transactions. Details of pending Enquiry Proceedings of Motilal Oswal Financial Services Limited are available on the website at <https://galaxy.motilaloswal.com/ResearchAnalyst/PublishViewLitigation.aspx>

A graph of daily closing prices of securities is available at www.nseindia.com, www.bseindia.com. Research Analyst views on Subject Company may vary based on Fundamental research and Technical Research. Proprietary trading desk of MOFSL or its associates maintains arm's length distance with Research Team as all the activities are segregated from MOFSL research activity and therefore it can have an independent view with regards to Subject Company for which Research Team have expressed their views.

Regional Disclosures (outside India)

This report is not directed or intended for distribution to or use by any person or entity resident in a state, country or any jurisdiction, where such distribution, publication, availability or use would be contrary to law, regulation or which would subject MOFSL & its group companies to registration or licensing requirements within such jurisdictions.

For Hong Kong:

This report is distributed in Hong Kong by Motilal Oswal capital Markets (Hong Kong) Private Limited, a licensed corporation (CE AYY-301) licensed and regulated by the Hong Kong Securities and Futures Commission (SFC) pursuant to the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong) "SFO". As per SEBI (Research Analyst Regulations) 2014 Motilal Oswal Securities (SEBI Reg. No. INH000000412) has an agreement with Motilal Oswal capital Markets (Hong Kong) Private Limited for distribution of research report in Hong Kong. This report is intended for distribution only to "Professional Investors" as defined in Part I of Schedule 1 to SFO. Any investment or investment activity to which this document relates is only available to professional investor and will be engaged only with professional investors." Nothing here is an offer or solicitation of these securities, products and services in any jurisdiction where their offer or sale is not qualified or exempt from registration. The Indian Analyst(s) who compile this report is/are not located in Hong Kong & are not conducting Research Analysis in Hong Kong.

For U.S.

Motilal Oswal Financial Services Limited (MOFSL) is not a registered broker - dealer under the U.S. Securities Exchange Act of 1934, as amended (the "1934 act") and under applicable state laws in the United States. In addition MOFSL is not a registered investment adviser under the U.S. Investment Advisers Act of 1940, as amended (the "Advisers Act" and together with the 1934 Act, the "Acts"), and under applicable state laws in the United States. Accordingly, in the absence of specific exemption under the Acts, any brokerage and investment services provided by MOFSL, including the products and services described herein are not available to or intended for U.S. persons. This report is intended for distribution only to "Major Institutional Investors" as defined by Rule 15a-6(b)(4) of the Exchange Act and interpretations thereof by SEC (henceforth referred to as "major institutional investors"). This document must not be acted on or relied on by persons who are not major institutional investors. Any investment or investment activity to which this document relates is only available to major institutional investors and will be engaged in only with major institutional investors. In reliance on the exemption from registration provided by Rule 15a-6 of the U.S. Securities Exchange Act of 1934, as amended (the "Exchange Act") and interpretations thereof by the U.S. Securities and Exchange Commission ("SEC") in order to conduct business with Institutional Investors based in the U.S., MOFSL has entered into a chaperoning agreement with a U.S. registered broker-dealer, Motilal Oswal Securities International Private Limited. ("MOSIPL"). Any business interaction pursuant to this report will have to be executed within the provisions of this chaperoning agreement.

The Research Analysts contributing to the report may not be registered /qualified as research analyst with FINRA. Such research analyst may not be associated persons of the U.S. registered broker-dealer, MOSIPL, and therefore, may not be subject to NASD rule 2711 and NYSE Rule 472 restrictions on communication with a subject company, public appearances and trading securities held by a research analyst account.

For Singapore

In Singapore, this report is being distributed by Motilal Oswal Capital Markets (Singapore) Pte. Ltd. ("MOCMSPL") (UEN 201129401Z), which is a holder of a capital markets services license and an exempt financial adviser in Singapore. This report is distributed solely to persons who (a) qualify as "institutional investors" as defined in section 4A(1)(c) of the Securities and Futures Act of Singapore ("SFA") or (b) are considered "accredited investors" as defined in section 2(1) of the Financial Advisers Regulations of Singapore read with section 4A(1)(a) of the SFA. Accordingly, if a recipient is neither an "institutional investor" nor an "accredited investor", they must immediately discontinue any use of this Report and inform MOCMSPL.

In respect of any matter arising from or in connection with the research you could contact the following representatives of MOCMSPL. In case of grievances for any of the services rendered by MOCMSPL write to grievances@motilaloswal.com.

Such information has not been independently verified and no guaranty, representation of warranty, express or implied, is made as to its accuracy, completeness or correctness. All such information and opinions are subject to change without notice. The report is prepared solely for informational purpose and does not constitute an offer document or solicitation of offer to buy or sell or subscribe for securities or other financial instruments for the clients. Though disseminated to all the customers simultaneously, not all customers may receive this report at the same time. MOFSL will not treat recipients as customers by virtue of their receiving this report.

Disclaimer:

The report and information contained herein is strictly confidential and meant solely for the selected recipient and may not be altered in any way, transmitted to, copied or distributed, in part or in whole, to any other person or to the media or reproduced in any form, without prior written consent. This report and information herein is solely for informational purpose and may not be used or considered as an offer document or solicitation of offer to buy or sell or subscribe for securities or other financial instruments. Nothing in this report constitutes investment, legal, accounting and tax advice or a representation that any investment or strategy is suitable or appropriate to your specific circumstances. The securities discussed and opinions expressed in this report may not be suitable for all investors, who must make their own investment decisions, based on their own investment objectives, financial positions and needs of specific recipient. This may not be taken in substitution for the exercise of independent judgment by any recipient. Each recipient of this document should make such investigations as it deems necessary to arrive at an independent evaluation of an investment in the securities of companies referred to in this document (including the merits and risks involved), and should consult its own advisors to determine the merits and risks of such an investment. The investment discussed or views expressed may not be suitable for all investors. Certain transactions -including those involving futures, options, another derivative products as well as non-investment grade securities - involve substantial risk and are not suitable for all investors. No representation or warranty, express or implied, is made as to the accuracy, completeness or fairness of the information and opinions contained in this document. The Disclosures of Interest Statement incorporated in this document is provided solely to enhance the transparency and should not be treated as endorsement of the views expressed in the report. This information is subject to change without any prior notice. The Company reserves the right to make modifications and alternations to this statement as may be required from time to time without any prior approval. MOFSL, its associates, their directors and the employees may from time to time, effect or have effected an own account transaction in, or deal as principal or agent in or for the securities mentioned in this document. They may perform or seek to perform investment banking or other services for, or solicit investment banking or other business from, any company referred to in this report. Each of these entities functions as a separate, distinct and independent of each other. The recipient should take this into account before interpreting the document. This report has been prepared on the basis of information that is already available in publicly accessible media or developed through analysis of MOFSL. The views expressed are those of the analyst, and the Company may or may not subscribe to all the views expressed therein. This document is being supplied to you solely for your information and may not be reproduced, redistributed or passed on, directly or indirectly, to any other person or published, copied, in whole or in part, for any purpose. This report is not directed or intended for distribution to, or use by, any person or entity who is a citizen or resident of or located in any locality, state, country or other jurisdiction, where such distribution, publication, availability or use would be contrary to law, regulation or which would subject MOFSL to any registration or licensing requirement within such jurisdiction. The securities described herein may or may not be eligible for sale in all jurisdictions or to certain category of investors. Persons in whose possession this document may come are required to inform themselves of and to observe such restriction. Neither the Firm, not its directors, employees, agents or representatives shall be liable for any damages whether direct or indirect, incidental, special or consequential including lost revenue or lost profits that may arise from or in connection with the use of the information. The person accessing this information specifically agrees to exempt MOFSL or any of its affiliates or employees from, any and all responsibility/liability arising from such misuse and agrees not to hold MOFSL or any of its affiliates or employees responsible for any such misuse and further agrees to hold MOFSL or any of its affiliates or employees free and harmless from all losses, costs, damages, expenses that may be suffered by the person accessing this information due to any errors and delays.
