Production drag persists; valuations factor in USD62/bbl Brent

- ONGC's 2QFY27 standalone revenue came in line with our est. at INR439b. Crude oil/gas sales were 4%/4% below our est. at 4.4mmt/3.8bcm. However, reported oil realization was USD92.3/bbl (est: INUSD90/bbl). Crude oil production was down 1%/5% QoQ/YoY, while natural gas production was down 2% YoY and up 2% QoQ. SA EBITDAX/APAT came in 6%/10% above our est. at INR263b/INR155b. Depreciation, dry well write-offs and other income came in higher than estimates.
- **Things we liked about the result:** 1) ONGC awarded two Western Offshore development projects (MBOSN-2005-1/SD-4/BS-17 and Ratna-1/NLM-14 additional development) with a combined capex of ~INR118b, expected to unlock ~22mmtoe of hydrocarbons, along with PRP-X (capex >INR43b) to replace ageing subsea pipelines; 2) bp's TSP role has been extended to the entire Western Offshore, with the TSP-2 team mobilized in Aug'26, and interventions under TSP-1 are already showing early results; 3) Under Samudra Manthan, the first exploratory well in the Mahanadi deepwater block proved gas-bearing, with four wells planned in FY27 and up to 13 in FY28; two onland discoveries (Amraghat-1 and Vadatal-48) were also notified during the quarter; 4) At KG-98/2, three gas wells are planned for hook-up in 4QFY27, adding ~1.5mmscmd; 5) OPaL turned EBITDA-positive at INR1.47b in 2QFY27, aided by the rebound in petchem prices.
- **Key investor concerns:** 1) Crude oil production declined 1%/5% QoQ/YoY, while natural gas production fell 2% YoY (up 2% QoQ), due to reservoir complexities at KG-98/2, monsoon-related delays at PRP-8 and PRP-9, and lower onshore offtake after disruptions at major consumer facilities. Management expects FY27 production of ~39mmtoe, with only a 0.5-1mmtoe increase in FY28; 2) OPaL remains loss-making, with a 2Q net loss of INR4.94b (1HFY27: INR11b) amid higher feedstock prices; 3) Completing 13 Samudra Manthan wells in FY28 depends on securing additional rigs in a tight deepwater rig market; 4) Venezuela legacy dues of ~USD500m remain unresolved, and no profits have been repatriated to date.
- **Valuation and view:** Given continued weakness in production, we cut our domestic production estimates (incl. JVs) for FY27/28 to 39.2/39.9mmt from 40.4/41.1mmt earlier. As a result, we lower our FY28 consolidated/standalone EBITDA estimates by 5%/7%. We estimate that ONGC's current valuation implies a Brent crude price of ~USD62/bbl over 4QFY27-FY28, well below our FY28 Brent assumption of USD75/bbl. We believe current valuations are inexpensive. We model ~1% annual decline in volumes over FY26-28 and value the standalone business at 6.5x Dec'27E EPS, investments at a 25% discount to CMP, and OVL stake at 0.5x FY25 BVPS to arrive at our TP of INR285. **Reiterate BUY**.

Beat driven by higher-than-estimated realization

- In 2QFY27, ONGC's standalone revenue came in line with our est. at INR439b.
  - Reported oil realization was USD92.3/bbl (est: INUSD90/bbl).
  - Crude oil production was down 1%/5% QoQ/YoY, while natural gas production declined 2% YoY (up 2% QoQ).
- The YoY moderation was driven by reservoir complexities at KG-98/2 (Eastern Offshore) and by monsoon-related operational issues that delayed PRP-8 and PRP-9. Onshore gas was also hit by lower offtake after disruptions at some major consumer facilities.
- ONGC has extended bp's Technical Service Provider role to the entire Western Offshore (TSP-1 and TSP-2) to arrest decline in mature fields and speed up development. bp mobilized its TSP-2 team (all of Western Offshore except the MH field) in Aug'26.
- Standalone EBITDAX stood 6% above our est. at INR263b.
  - Other expenses stood above est., while statutory levies stood below est.
- Standalone PAT stood 10% above our estimate at INR155b.
  - Depreciation, dry well write-offs and other income came above our estimate.
- **New western offshore projects:** ONGC awarded two offshore development projects, MBOSN-2005-1/SD-4/BS-17 and the additional development of Ratna-1/NLM-14. Combined capex is ~INR118b, and the projects are expected to unlock ~22mmtoe of hydrocarbons. It also awarded PRP-X (>INR43b) for new subsea pipelines and replacement of ageing pipeline infrastructure, aimed at asset integrity, operational reliability and sustaining long-term production.
- **Other exploration highlights:** Under Samudra Manthan, ONGC's first exploratory well, Mahanadi deepwater, was proved gas-bearing. **In 2QFY27** ONGC notified two onland discoveries: 1) Amraghat-1 flowed gas and was notified as a new prospect discovery; 2) Vadatal-48, Cambay encountered new sand below the Chhatral Pay. The find creates new exploration opportunities below active Chhatral Pay and is notified as new pool discovery.
- **CB-OS/2 takeover**: As GoI's nominee, ONGC took control and possession of all assets, data, facilities, infrastructure and operations of the CB-OS/2 block w.e.f. 22nd Jul'26.
- The board declared an interim dividend of INR8/sh (160%).

Valuation and view

- ONGC currently trades at 5.2x FY28E consol. P/E, below its long-term average one-year forward P/E of 6.3x. Adjusting for the value of listed investments at 25% discount (INR65/share) and our valuation of OVL (INR23/share), we estimate that the market is pricing in a Brent crude price of only ~USD62/bbl for ONGC's core business over 4QFY27-FY28, well below our FY28 Brent assumption of USD75/bbl. We believe this is overly conservative given the current industry backdrop and that valuations remain inexpensive.
- Given continued weakness in production, we cut our domestic production estimates (incl. JVs) for FY27/28 to 39.2/39.9mmt from 40.4/41.1mmt earlier. As a result, we lower our FY28 consolidated/standalone EBITDA estimates by 5%/7%. We model ~1% annual decline in volumes over FY26-28 and value the standalone business at 6.5x Dec'27 EPS, investments at a 25% discount to CMP, and OVL stake at 0.5x FY25 BVPS to arrive at our TP of INR285. **Reiterate BUY**.

Highlights from the management commentary

- **Other expenses up ~INR6b, driven by a one-off provision:**
  - ONGC made a provision of INR15.61b for terminal excise duty receivable from DGFT, which is under litigation at the High Court. Management is confident of winning the case but provided for it as a matter of conservatism, pending the court's decision.
  - This was partly offset by lower opex (-INR6.09b) and lower exchange loss (-INR6.25b).
- **Lower tax rate due to non-taxable income:** Dividend income was higher in the quarter, and it carries a tax benefit, which lowered the overall tax impact.
- **Higher depreciation due to well impairment:** ONGC provided for impairment on 40 wells that had been carried for a long period, and this is included in the depreciation figure.
- **FY27 production to close at ~39mmt equivalent; FY28 seen 0.5–1mmt higher:** No guidance was given for FY29.
- **Samudra Manthan: four wells in FY27, up to 13 in FY28, subject to rig availability:**
  - This is an exploratory scheme in deep and ultra-deep water. Management has high expectations from the blocks but cannot quantify the benefit, given the nature of exploration.
  - Two rigs have already been hired, and ONGC is looking for more in a tight deepwater rig market. Securing them is needed to complete 13 wells in FY28.
- **Mumbai High TSP with BP showing early results but not quantified:**
  - BP's technology and support are already giving good results from interventions. Specific gains are hard to quantify at this point.
  - Under the 10-year contract, ONGC plans to achieve a certain production upside from TSP-1.
  - Company-level guidance stays at ~39mmt for FY27 and 0.5-1mmt more for FY28.
- **KG-DWN-98/2 producing ~19kbpd oil and ~2mmscmd gas; three gas wells to add ~1.5mmscmd in 4Q:**
  - Wells due for connection this quarter were delayed by the monsoon and a recent disruption offshore. They are now expected to be completed next quarter.
  - Three gas wells not yet connected are planned for hook-up in 4QFY27, adding ~1.5mmscmd.
- **DUDP:** About half the wells are done, and a few more are being drilled (monsoon locations). Volumes should start increasing and then stabilize.
- **DSF-2:** Construction is in progress, with volumes expected at least towards FY27-end.
- **OPaL EBITDA positive at INR1.47b in 2Q, but still loss-making at PAT level:**
  - 1HFY27 EBITDA was INR0.9b.
  - 2Q net loss was INR4.94b, and 1HFY27 net loss was INR11b.
  - Petchem prices rebounded, supporting EBITDA, but feedstock prices rose in 2Q as the situation continued. OPaL should improve as feedstock prices stabilize, helped by developments such as those in the US.
  - **Balance sheet repair:** Over the last two years, ONGC group carried out a capital restructuring with an INR180b infusion, retiring costly debt. ONGC is also

helping OPaL get loans at more viable rates. Interest cost, ~INR20b last year, is coming down.

- **Ethane feedstock:** The group has contracted two ships, under construction for delivery in early 2029, and is in talks with US companies for long-term ethane pricing.
- Management expects OPaL to post much better results on the back of the past restructuring steps and the ethane feedstock tie-up.

- **Mozambique LNG ~49% complete; ~USD7b invested so far:**
- The force majeure was lifted last year, and activity is in full swing.
- Financing tie-up is complete, and Mozambique's cabinet has approved the sovereign guarantee. Drawdown is expected to start from next month.

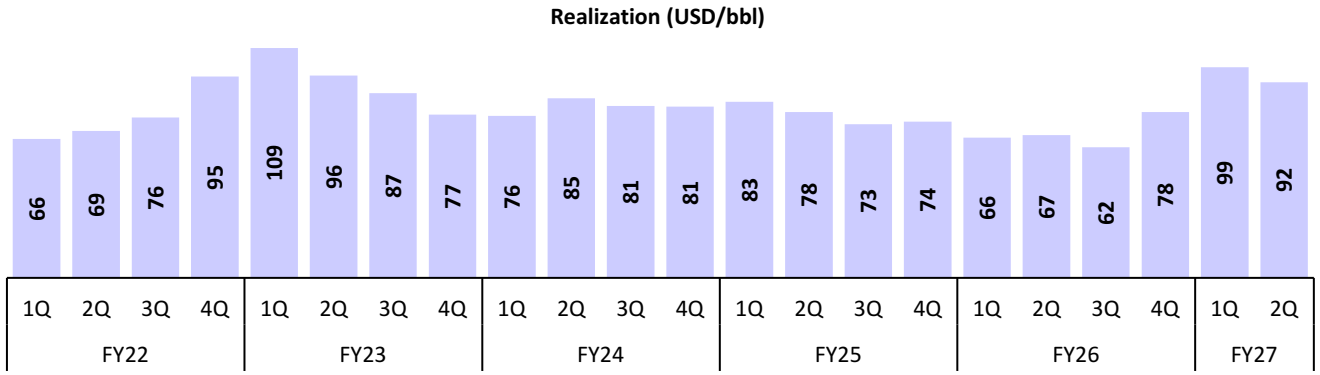

- **Sakhalin-1 back near pre-2022 levels at 183kbpd (1HFY27 average); no repatriation restriction:**
- ONGC re-entered the project in Dec'25, and its accounts are being consolidated into OVL and the ONGC group. Additional well drilling is ongoing.
- The project hasn't declared a dividend yet since re-entry. Once declared, the dividend can be brought to India.
- No ONGC money is stuck in Russia. Vankor dividends held there were used to meet the Sakhalin abandonment fund liability.

- **Venezuela: operatorship deals in 3–6 months; past dues still unresolved:**
- ONGC is in discussions with PDVSA, partners including Repsol, and the government for a new operating arrangement in its two projects.
- The necessary approvals and clearances have been received, and talks are at an advanced stage.
- ONGC would become sole operator at San Cristóbal and joint operator at Petrocarabobo, and is ready to start work on the fields.
- **New regime:** ONGC will have offtake rights and can sell the produce wherever it wants. After discharging its fiscal obligations to the government, the rest belongs to ONGC. This removes the earlier problem, where crude was sold only to PDVSA and dividends got stuck.
- **Legacy dues (~USD500m dividend):** The position is unchanged and will be taken up once the new agreements are finalized. Settlement could come through the new agreements, a separate agreement, or additional fields.
- No profits have been repatriated from Venezuela to date.

- **Capex steady at USD3.5–4b p.a.; dividend payout maintained at ~40%:**
- ONGC is evaluating diversification opportunities and will act if any materialize.
- It paid a record first interim dividend of 160% (INR8/share).
- There is no change in dividend policy. The focus stays on E&P, including spending to meet ONGC's requirements as anchor player in Samudra Manthan.

Disclosures

The following Disclosures are being made in compliance with the SEBI Research Analyst Regulations 2014 (herein after referred to as the Regulations).

Motilal Oswal Financial Services Ltd. (MOFSL) is a SEBI Registered Research Analyst having registration no. INH000000412 and BSE enlistment no. 5028. MOFSL, the Research Entity (RE) as defined in the Regulations, is engaged in the business of providing Stock broking services, Depository participant services & distribution of various financial products. MOFSL is a listed public company, the details in respect of which are available on www.motilaloswal.com. MOFSL is registered with the Securities & Exchange Board of India (SEBI) and is a registered Trading Member with National Stock Exchange of India Ltd. (NSE) and Bombay Stock Exchange Limited (BSE), Multi Commodity Exchange of India Limited (MCX) and National Commodity & Derivatives Exchange Limited (NCDEX) for its stock broking activities & is Depository participant with Central Depository Services Limited (CDSL) National Securities Depository Limited (NSDL),NERL, COMRIS and CCRL and is member of Association of Mutual Funds of India (AMFI) for distribution of financial products and Insurance Regulatory & Development Authority of India (IRDA) as Corporate Agent for insurance products and is a member of Association of Portfolio Managers in India (APMI) for distribution of PMS products. Details of associate entities of Motilal Oswal Financial Services Ltd. are available on the website at http://onlinereports.motilaloswal.com/Dormant/documents/Associate%20Details.pdf

MOFSL and its associate company(ies), their directors and Research Analyst and their relatives may; (a) from time to time, have a long or short position in, act as principal in, and buy or sell the securities or derivatives thereof of companies mentioned herein. (b) be engaged in any other transaction involving such securities and earn brokerage or other compensation or act as a market maker in the financial instruments of the company(ies) discussed herein or act as an advisor or lender/borrower to such company(ies) or may have any other potential conflict of interests with respect to any recommendation and other related information and opinions.; however the same shall have no bearing whatsoever on the specific recommendations made by the analyst(s), as the recommendations made by the analyst(s) are completely independent of the views of the associates of MOFSL even though there might exist an inherent conflict of interest in some of the stocks mentioned in the research report.

MOFSL and / or its affiliates do and seek to do business including investment banking with companies covered in its research reports. As a result, the recipients of this report should be aware that MOFSL may have a potential conflict of interest that may affect the objectivity of this report. Compensation of Research Analysts is not based on any specific merchant banking, investment banking or brokerage service transactions. Details of pending Enquiry Proceedings of Motilal Oswal Financial Services Limited are available on the website at https://galaxy.motilaloswal.com/ResearchAnalyst/PublishViewLitigation.aspx. As per Regulatory requirements, Research Audit Report is uploaded on www.motilaloswal.com > MOFSL-Important Links > MOFSL Research Analyst Compliance Audit Report.

A graph of daily closing prices of securities is available at www.nseindia.com, www.bseindia.com. Research Analyst views on Subject Company may vary based on Fundamental research and Technical Research. Proprietary trading desk of MOFSL or its associates maintains arm's length distance with Research Team as all the activities are segregated from MOFSL research activity and therefore it can have an independent view with regards to Subject Company for which Research Team have expressed their views.

Regional Disclosures (outside India)

This report is not directed or intended for distribution to or use by any person or entity resident in a state, country or any jurisdiction, where such distribution, publication, availability or use would be contrary to law, regulation or which would subject MOFSL & its group companies to registration or licensing requirements within such jurisdictions.

For Hong Kong:

This report is distributed in Hong Kong by Motilal Oswal capital Markets (Hong Kong) Private Limited, a licensed corporation (CE AYY-301) licensed and regulated by the Hong Kong Securities and Futures Commission (SFC) pursuant to the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong) "SFO". As per SEBI (Research Analyst Regulations) 2014 Motilal Oswal Securities (SEBI Reg. No. INH000000412) has an agreement with Motilal Oswal capital Markets (Hong Kong) Private Limited for distribution of research report in Hong Kong. This report is intended for distribution only to "Professional Investors" as defined in Part I of Schedule 1 to SFO. Any investment or investment activity to which this document relates is only available to professional investor and will be engaged only with professional investors." Nothing here is an offer or solicitation of these securities, products and services in any jurisdiction where their offer or sale is not qualified or exempt from registration. The Indian Analyst(s) who compile this report is/are not located in Hong Kong & are not conducting Research Analysis in Hong Kong.

For U.S.

Motilal Oswal Financial Services Limited (MOFSL) is not a registered broker - dealer under the U.S. Securities Exchange Act of 1934, as amended (the"1934 act") and under applicable state laws in the United States. In addition MOFSL is not a registered investment adviser under the U.S. Investment Advisers Act of 1940, as amended (the "Advisers Act" and together with the 1934 Act, the "Acts), and under applicable state laws in the United States. Accordingly, in the absence of specific exemption under the Acts, any brokerage and investment services provided by MOFSL, including the products and services described herein are not available to or intended for U.S. persons. This report is intended for distribution only to "Major Institutional Investors" as defined by Rule 15a-6(b)(4) of the Exchange Act and interpretations thereof by SEC (henceforth referred to as "major institutional investors"). This document must not be acted on or relied on by persons who are not major institutional investors. Any investment or investment activity to which this document relates is only available to major institutional investors and will be engaged in only with major institutional investors. In reliance on the exemption from registration provided by Rule 15a-6 of the U.S. Securities Exchange Act of 1934, as amended (the "Exchange Act") and interpretations thereof by the U.S. Securities and Exchange Commission ("SEC") in order to conduct business with Institutional Investors based in the U.S., MOFSL has entered into a chaperoning agreement with a U.S. registered broker-dealer, Motilal Oswal Securities International Private Limited. ("MOSIPL"). Any business interaction pursuant to this report will have to be executed within the provisions of this chaperoning agreement.

The Research Analysts contributing to the report may not be registered /qualified as research analyst with FINRA. Such research analyst may not be associated persons of the U.S. registered broker-dealer, MOSIPL, and therefore, may not be subject to NASD rule 2711 and NYSE Rule 472 restrictions on communication with a subject company, public appearances and trading securities held by a research analyst account.

For Singapore

In Singapore, this report is being distributed by Motilal Oswal Capital Markets (Singapore) Pte. Ltd. ("MOCMSPL") (UEN 201129401Z), which is a holder of a capital markets services license and an exempt financial adviser in Singapore.This report is distributed solely to persons who (a) qualify as "institutional investors" as defined in section 4A(1)(c) of the Securities and Futures Act of Singapore ("SFA") or (b) are considered "accredited investors" as defined in section 2(1) of the Financial Advisers Regulations of Singapore read with section 4A(1)(a) of the SFA. Accordingly, if a recipient is neither an "institutional investor" nor an "accredited investor", they must immediately discontinue any use of this Report and inform MOCMSPL .

In respect of any matter arising from or in connection with the research you could contact the following representatives of MOCMSPL. In case of grievances for any of the services rendered by MOCMSPL write to grievances@motilaloswal.com.

Terms & Conditions:

This report has been prepared by MOFSL and is meant for sole use by the recipient and not for circulation. The report and information contained herein is strictly confidential and may not be altered in any way, transmitted to, copied or distributed, in part or in whole, to any other person or to the media or reproduced in any form, without prior written consent of MOFSL. The report is based on the facts, figures and information that are considered true, correct, reliable and accurate. The intent of this report is not recommendatory in nature. The information is obtained from publicly available media or other sources believed to be reliable. Such information has not been independently verified and no guaranty, representation of warranty, express or implied, is made as to its accuracy, completeness or correctness. All such information and opinions are subject to change without notice. The report is prepared solely for informational purpose and does not constitute an offer document or solicitation of offer to buy or sell or subscribe for securities or other financial instruments for the clients. Though disseminated to all the customers simultaneously, not all customers may receive this report at the same time. MOFSL will not treat recipients as customers by virtue of their receiving this report.

Disclaimer:

The report and information contained herein is strictly confidential and meant solely for the selected recipient and may not be altered in any way, transmitted to, copied or distributed, in part or in whole, to any other person or to the media or reproduced in any form, without prior written consent. This report and information herein is solely for informational purpose and may not be used or considered as an offer document or solicitation of offer to buy or sell or subscribe for securities or other financial instruments. Nothing in this report constitutes investment, legal, accounting and tax advice or a representation that any investment or strategy is suitable or appropriate to your specific circumstances. The securities discussed and opinions expressed in this report may not be suitable for all investors, who must make their own investment decisions, based on their own investment objectives, financial positions and needs of specific recipient. This may not be taken in substitution for the exercise of independent judgment by any recipient. Each recipient of this document should make such investigations as it deems necessary to arrive at an independent evaluation of an investment in the securities of companies referred to in this document (including the merits and risks involved), and should consult its own advisors to determine the merits and risks of such an investment. The investment discussed or views expressed may not be suitable for all investors. Certain transactions -including those involving futures, options, another derivative products as well as non-investment grade securities - involve substantial risk and are not suitable for all investors. No representation or warranty, express or implied, is made as to the accuracy, completeness or fairness of the information and opinions contained in this document. The Disclosures of Interest Statement incorporated in this document is provided solely to enhance the transparency and should not be treated as endorsement of the views expressed in the report. This information is subject to change without any prior notice. The Company reserves the right to make modifications and alternations to this statement as may be required from time to time without any prior approval. MOFSL, its associates, their directors and the employees may from time to time, effect or have effected an own account transaction in, or deal as principal or agent in or for the securities mentioned in this document. They may perform or seek to perform investment banking or other services for, or solicit investment banking or other business from, any company referred to in this report. Each of these entities functions as a separate, distinct and independent of each other. The recipient should take this into account before interpreting the document. This report has been prepared on the basis of information that is already available in publicly accessible media or developed through analysis of MOFSL. The views expressed are those of the analyst, and the Company may or may not subscribe to all the views expressed therein. This document is being supplied to you solely for your information and may not be reproduced, redistributed or passed on, directly or indirectly, to any other person or published, copied, in whole or in part, for any purpose. This report is not directed or intended for distribution to, or use by, any person or entity who is a citizen or resident of or located in any locality, state, country or other jurisdiction, where such distribution, publication, availability or use would be contrary to law, regulation or which would subject MOFSL to any registration or licensing requirement within such jurisdiction. The securities described herein may or may not be eligible for sale in all jurisdictions or to certain category of investors. Persons in whose possession this document may come are required to inform themselves of and to observe such restriction. Neither the Firm, not its directors, employees, agents or representatives shall be liable for any damages whether direct or indirect, incidental, special or consequential including lost revenue or lost profits that may arise from or in connection with the use of the information. The person accessing this information specifically agrees to exempt MOFSL or any of its affiliates or employees from, any and all responsibility/liability arising from such misuse and agrees not to hold MOFSL or any of its affiliates or employees responsible for any such misuse and further agrees to hold MOFSL or any of its affiliates or employees free and harmless from all losses, costs, damages, expenses that may be suffered by the person accessing this information due to any errors and delays.
